TED演讲者: Emily Nagoski | 艾蜜莉・纳高斯基

演讲标题: The truth about unwanted arousal | 不想要的性兴奋,真相为何?

内容概要: Sex educator Emily Nagoski breaks down one of the most dangerous myths about sex and introduces us to the science behind arousal nonconcordance: when there's a disconnect between physical response and the experience of pleasure and desire. Talking about such intimate, private moments can feel awkward or difficult, yet in this straightforward talk Nagoski urges all of us to share this crucial information with someone -- judges, lawyers, partners, kids. "With every brave conversation we have, we make the world that little bit better," says Nagoski.(This talk contains mature content.)

性教育者艾蜜莉·纳高斯基解释关于性的危险谜思之一,向大家介绍性兴奋不一致背后的科学:有时身体反应和对于享乐与欲望的体验没有产生连结。要谈论这种亲密、私人的时刻,可能会很尴尬或困难,但在这场直白的演说中,纳高斯基鼓励我们大家要将这项重要资讯分享给别人——法官、律师、另一半、孩子。纳高斯基说:「每当我们能进行勇敢的对谈,我们就能把世界变得更好一点。」(本演说有成人内容)
